UMT-03-XX-BT,  
UMT-03-XX-A

# WELL TESTING TOOLS

## Wellhead pressure and temperature gauges UMT-03-XX-T, UMT-03-XX-BT, UMT-03-XX-A

### Functions

- Suitable for both production and injection wells;
- Single or continues wellhead pressure recording;
- Designed for SCADA application due to 4-20mA(+HART модем), RS-485(MODBUS);
- Remote data transfer concept availability via GSM/GPRS/LTE, Ethernet interfaces.
- Long lasting surveys due to a large built in memory and programmable set functions;
- Remote connection and data withdraw via USB or Bluetooth interfaces on to Android based devices (smartphone, tablet PC) or windows based PC.
- Specially designed software package for data collection, storage and preliminary analysis;

### Features

- Advanced temperature rating from -40 °C up to +85 °C;
- External temperature fluctuations prevention design ;
- High contrast OLED display;
- High reliability due to sensors keyboard;
- Minimal set of control buttons (1) and remote control of the tool;
- Возможность работы как от встроенной батареи, так и от внешнего источника питания.
- ModBUS protocol available for SCADA applications;

### Specifications

Available ranges of maximum pressure, MPa:	4; 10; 25; 40; 60; 100
Max reducible error, not more than	±0.15%
Pressure channel resolution (MPa) / temperature channel resolution, (C)	0,0001/ 0,001
Temperature measurement range	-40°C up to + 80°C
	-40°C up to + 125°C
Max absolute error while temperature measuring , not more than, C	± 0,2°C (-20 °C...+50 °C)
Minimum time step, sec	1 <sup>2),3)</sup>
Maximum period of measurement, hours	24 <sup>2),3)</sup>
Memory capacity, dots	16 777 216(190 days @ 1sec, ) <sup>3)</sup>
Continuous operation time, at 1 sec step (type D battery not less than 15Ah at turned-off display).	not less than 3 years
Supported data transfer protocols	4-20mA <sup>1)</sup> , Modbus <sup>1)</sup> , USB <sup>1,2,3)</sup> , BLE <sup>2)</sup>
Wireless data transfer range	not less than 100m <sup>2)</sup>
External power range	5-36V@20mA <sup>1)</sup>
Operating temperature range:	from -40°C up to + 85°C
Weight, not more than	1,5 kg
Explosion proof protection/Ingress Protection Rating	1ExibIIIBt3GbX / IP67
Calibration period	3 years
